Mr. Ebrahimian,

I am reaching out to you to discuss the installation of the holiday decorations for the San Pedro Historic Waterfront Business Improvement District for this coming holiday season.

Last year there was a mix up and we needed to react quickly. We were charged for the power but the decorations were never connected to any power source.

I would like to begin the application for this season early but would like credit for the power we did not use last year.

Attached is a draft application for your consideration. Please let me know if this is acceptable to you.

Best regards,

Lorena Parker
